

Safe Firearm Storage Can Save Lives

Help us spread the word.

Firearms are the leading cause of injury-related death for children and youth in North Carolina.

The NC S.A.F.E. campaign, a new initiative of the North Carolina Department of Public Safety, was designed to raise awareness about safe firearm storage and provide useful resources.

Help us spread the word about the urgent need to secure all firearms effectively. Here are a few ways you can help:

- **Raise Awareness.** Post our parent flyer in your waiting or exam rooms, or hand it out at the end of each appointment. Scan the QR code to the right to easily download and print the flyer.
- **Ask Questions.** Incorporate questions about safe firearm storage into your appointment questionnaires. In a home environment or safety section, you could ask questions like “If you have a firearm in the home, is it stored securely?” or “Do you have any concerns about your child gaining access to an unlocked firearm?”

Spread the Word.

Find us on Facebook, Instagram, and Twitter, and share our posts on social media.
